FLOOR DEBATE

March 11, 2002 LB 384

under call. Senator Bromm and Senator Robak, please check in. There's been a request for a machine vote. The question before the body is adoption of FA899 to the committee amendments to LB 384. All in favor vote aye, opposed nay. We're voting on the Chambers amendment, FA899. Have you all voted who care to? Record, please, Mr. Clerk.

ASSISTANT CLERK: 40 ayes, 0 nays on the adoption of Senator Chambers' amendment, Mr. President.

SENATOR CUDABACK: FA899 was adopted. I do raise the call. Mr. Clerk, next item to the bill.

ASSISTANT CLERK: Mr. President, Senator Chambers would move to amend with FA900. (Legislative Journal page 910.)

SENATOR CUDABACK: Senator Chambers, you're recognized to open on FA900.

SENATOR CHAMBERS: Mr. President, members of the Legislature, I'm not going to take long on this amendment. I've had the opportunity to put things in the record that I wanted. I told Senator Quandahl that one reason I asked for a call of the house was so that enough people would be here so he could tell them he supports this amendment. Then the bill is in his hands to discuss or however he wants to handle it so that he can get a vote this afternoon, but I will be through with it for this afternoon. I'm not going to vote for it. But this amendment deals with an issue that I had raised earlier that when this court of condemnation meets for the first time they should select a presiding judge. That's all my amendment does. It adds "select a presiding judge". That's all that I have on it. If you want to ask me any questions, I'm prepared to answer them. If you have no questions, I would say this, speak now or forever hold your peace, as I shall do if you have no questions.

SENATOR CUDABACK: You've heard the opening on FA900. Open for discussion on that amendment. Senator Quandahl.

SENATOR QUANDAH: Thank you, Senator Cudaback. Members of the body, this is another floor amendment that I do agree with,
